

Joint Statement by BEUC and Euroconsumers

Brussels, 26th November 2025

BEUC, the European Consumer Organisation, and Euroconsumers share a long-term commitment to protect and empower consumers across Europe.

As both BEUC and Euroconsumers continue evolving towards that shared purpose, different strategies and organisational structures were identified to reach this common objective. In this new framework, Testaankoop/Testachats (Belgium), Altroconsumo (Italy) and OCU (Spain) – all part of the Euroconsumers Group – will cease to be member of BEUC as of 1 January 2026.

Albeit in a different format, Euroconsumers and BEUC stand ready to cooperate in a pragmatic, forward-looking and solution-driven way whenever shared opportunities arise to strengthen the voice of consumers in Europe.
